

SELECT 3620
Portable Bandsawmill

GUARANTEED TO WORK UP A STORM

INTRODUCING the *SELECT* Model 3620 portable band sawmill, perfect for the sawyer who prefers to be on the go. Capable of a hard day's work, the 3620 will cut **TWICE AS FAST** as other thin kerf mills.

What makes this mill stand out above the crowd? ...most definitely its superior quality. Just like our larger *SELECT* 4221 model, the 3620 is built tough and of exceptional workmanship, but on a smaller scale.

This fully portable mill can be set up just about anywhere with total ease. Simply hook it up and off you go.

Wherever you set up the mill, it will be ready to saw in a matter of a few minutes.

Leveling by eye is all that is required for straight accurate cutting. The 3620 is powered by a 50 hp John Deere diesel engine - well known for its efficiency and reliability. It is also available with a 30 hp electric motor and 7.5 hp for the hydraulic pump.

These units are equipped with 4 inch **DOUBLE-CUT** blades, 32 inch band wheels, full hydraulic system and computerized networks.

WITHOUT A DOUBT - one of the best thin kerf portable band sawmills

Computerized setworks with 8 presets and 2 hold and recall memories for consistently accurate cutting.
